

Save time and money with FibaFuse™

How does FibaFuse™ save you money?

Shorter drying time (faster top coat) and open construction (no blister or bubbles) = less labor costs

Reduced finishing time allows you to take on more jobs and make more money!

	Paper Tape	FibaFuse™
Labor time for 100 sq ft	3 hours	3 hours
Approx. cost of tape for 100 sq ft *	\$0.26	\$0.70
Labor costs**	\$120.00	\$120.00
30 minutes saved		- \$20.00
Total labor	\$120.26	\$100.70

**Potential
16% Savings!**

* 37 ft of tape needed for 100 sq ft wall, based on www.usg.com - prices based on average retail price of paper tape and FibaFuse™

** Based on \$40/hour labor estimate

Cost Saving Features and Benefits

- No blisters or bubbles = no re-dos
- Works in super tapers, banjos and automatic tapers
- Porous Design - dries faster than paper tape
- Requires less compound - less sanding needed to finish
- Fuses with the compound - tape is thinner than paper making it "less visible" for a flat finish
- No fraying - FibaFuse becomes smoother with sanding
